Refund Policy

Flatkart Sample Policy Document • Created for document-search / RAG testing

Important: This is a fictional, simplified sample document. It is not legal advice and should be reviewed before any real business use.

1. When a Refund May Be Issued

A refund may be issued for an approved return, a cancelled order that was already paid for, or an order that cannot be fulfilled.

2. Refund Method

Where possible, refunds are sent to the original payment method. If that is not possible, customer support will explain the available alternative.

3. Processing Time

After approval, we aim to initiate a refund within 5–7 business days. The time taken for the money to appear in your account may depend on the bank or payment provider.

4. Shipping Charges

Original shipping charges may not be refundable unless the order was incorrect, damaged, or another applicable rule requires a refund.

5. Checking Refund Status

Contact support@flatkart.example with your order number if your refund has not appeared after the expected processing period.

6. Note

These are simplified sample terms for testing a document search system, not legal advice or a final commercial policy.
