Return and Replacement Policy

Flatkart Sample Policy Document • Created for document-search / RAG testing

Important: This is a fictional, simplified sample document. It is not legal advice and should be reviewed before any real business use.

1. Return Window

Eligible products may be requested for return within 7 days after delivery. The item should be unused and, where possible, returned with its original packaging and included accessories.

2. Damaged or Incorrect Items

If an item arrives damaged or you receive the wrong product, contact support within 48 hours of delivery. Include your order number and clear photos of the issue.

3. Items That May Not Be Accepted

Items that are used, damaged after delivery, missing essential parts, or marked as non-returnable may not qualify for a return or replacement.

4. How to Request a Return

Contact support@flatkart.example with your order number, product name, and reason for the request. Support will explain the next steps.

5. Replacement

A replacement may be offered when the item is eligible and a replacement is available. If it is unavailable, support will explain the available options.

6. Inspection

Returned items may be checked before a return or replacement is approved. This sample policy is for testing and should be adapted before real-world use.
